Rose City Antifa is exposing the identities of three neo-Nazis who are part of the local Daily Stormer Book Club (DSBC), known as the PDX Stormers. Since 2016, the [PDX Stormers](#) have harassed and threatened members of our community with anti-Semitic, white nationalist propaganda as members of the internet's largest community of Nazis and white supremacists, organized via the web forums of *The Daily Stormer* neo-Nazi website. Follow along with us using the hashtags #stormerbreaker and #debaseddoxx.

The portland stormers have been talking about this for a while, not sure how much burn material we've got collected.

I think it's just a general feeling the right has been having, TRS had a couple private burn parties over the summer.

Doing it simultaneously on web streams would mentally rape the jews.

I dont hate them for what they do, I think it's a part of their dna and they simply can't do anything about their nature or psychology.

How I feel about us though. Right now given the state of the bbs I feel like our capital city just got nuked and the survivors are slowly crawling out of the destruction and figuring out what to do.

I want to reward the jews with that feeling. I want their capital nuked and i want them to huddle together, burning family albums for warmth, wondering if there will be a tomorrow.

The shuttening was just a small part of their collective crimes, and they deserve every horror inflicted against them.

43 / 59

Sep 2017

*The Shuttening is a term popularized on The Daily Stormer to describe the alleged social and political disenfranchisement of the alt-right. The main evidence of this conspiracy is a handful of far-right personalities being banned from social media platforms and the overall decline of their movement post Charlottesville. Dorsey is also comparing the mood of the Daily Stormer bulletin board to a nuclear holocaust.*
